SMARTPROCEDURES MOBILE
The Next Generation of Procedures

atr | smart procedures

MOBILIZE.
DIGITIZE.
PERSONALIZE.

Task Information On-Demand
In SmartProcedures Mobile, your workers instantly access all of their procedures including work guidance support, photos, videos, equipment information and operating limits.

A Safer Work Environment
Easier to find, easier to read, easier to use procedures on SmartProcedures Mobile means safer workers following your procedures. Rich media bridges the knowledge gap between new and experienced workers - paper can't do that!

Accountability Made Easy
SmartProcedures Mobile ensures steps are performed in order and all have been complete to finish the task.

One touch step sign-offs: critical performance data including user, times, dates and GPS location is automatically recorded for every step. Workers can easily record performance notes at the steps during the job.

Performance Transparency
Extensive "smart" reporting reveals every detail of task execution enabling analysis and optimization never seen before.

KEY BENEFITS

- 100% procedure availability
- Use with or without WiFi
- Record sign-offs and other data collection
- Comprehensive reporting
- Collaborative multi-user sessions
- Integrated procedure change requests
- Digital performance data to optimize plant operations
- Conduct performance evaluations
- Eliminate paper in the field
- Enhanced accountability

The Gold Standard in Procedure Technologies

Chevron • ExxonMobil • lyondellbasell • conEdison • DUPONT • Shell
Lubrizol • CHS • ConocoPhillips • NOVA Chemicals • Luminant ENERGY

Single Step View

Performance Demonstration

"Your operating procedures are the last safeguard and layer of protection to ensure successful, safe and optimum performance."
VP Operations, Top 5 petrochemical company

Procedures Now Personalized
Not all tasks are equal, and workers have different needs and preferences to perform the task safely and correctly every time. In SmartProcedures Mobile, workers control how they view the information they need, when they need it.

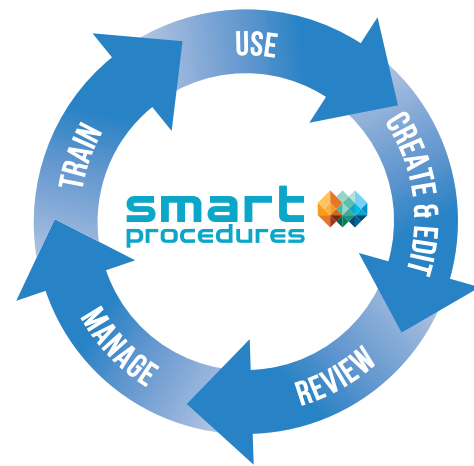

Tablet

KEY FEATURES
