

How Are Your Procedures Used?

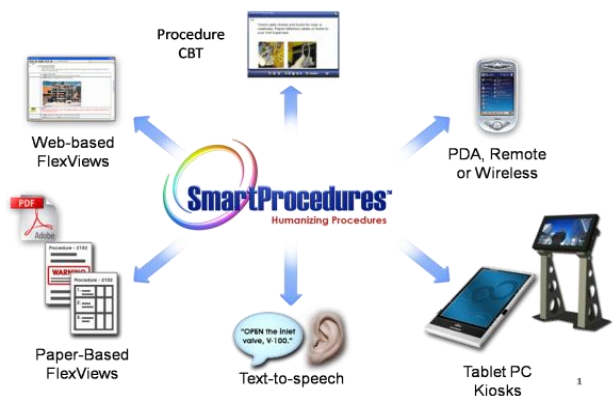

Times Change.... So Should Your Procedures

Time for an Update?

Let's face it. You spend a lot of money for your procedures, but for what? If your procedures sit on the shelf collecting dust or are used for sport, we can help. Poor use and adherence to procedures puts your employees and operation at unacceptable risk.

Beyond Paper!

Combining best practices and the industry leading technology, SmartProcedures, ATR can help significantly improve the quality, organization and overall administration of your procedures. Ensure high quality content and flexible user access with SmartProcedures.
